Tiered license fees

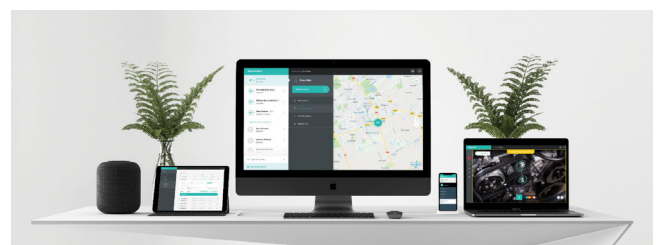

FREE	PREMIUM	PREMIUM	PREMIUM
0 - 5 users	0 - 49 users	50 - 249 users	250+
€ 0,-	€ 10,- ^{excl. VAT}	€ 7,50 ^{excl. VAT}	€ 5,- ^{excl. VAT}
per user per month	per user per month	per user per month	per user per month
1 month trial	Start rate of €100/month	Start rate of €100/month	Start rate of €100/month
		Save 25% on users	Save 50% on users

- **User types:** Super admin, admin, dashboard user, field user, client user (Gemassist).
- **Start rate:** A 'base rate', charged monthly and is not influenced by any amount of users.
- **Gemassist:** Client users are 'end clients' that you invite to your environment for service and assistance. These clients use the Gemassist application that sets up a video connection with you client support team, for video support. You **only pay when this client user is active**, e.g. it receives active support. The next month, the user is inactive and will not show on your bill. This enables you to invite unlimited clients into your environment.

Would you like to setup an environment and add > 1000 users? Please contact us for a custom plan and onboarding assistance.

Never run out of power and always have the strongest connection possible, in a water-resistant casing. Dependability, connectivity and ease of use are key. With fixed and portable power banks, your smart glass, mobile data hotspot and other devices are always charged. The 4G (or 5G) hotspot guarantees connection anywhere and the 'assembled storage solutions' makes sure your glass is always ready to use, instantly.

On-site integration

Gemvision is a plug and play software solution, however, on-site networks often have thick layers of security and help by integrating Gemvision could be necessary. To know if this is necessary, please contact us for an intake. We'll send you a question form that you or your IT-department can fill in. This will identify any barriers to overcome.

Pricing custom integration: € 120,- p/h plus travel and accommodation expenses.
